

SIBLINGUNITY

Two newly refurbished flats have sprung from one house thanks to family teamwork by two brothers and their sister who shared ideas and muscle throughout the job.

The end-of-terrace house now offers two handsome flats. The first three-bedroom flat, with a south-west facing roof terrace, takes up the first and second floors. As well as the double bedrooms it contains an en suite bathroom, a shower room and an open-plan loft living area and kitchen – both with direct access to the south west-facing roof terrace.

The second flat is another stunning three-bedder with two bathrooms and a south-facing garden. It too has been newly refurbished to a high standard.

Its open-plan living area with kitchen has direct access to the south-facing garden, with bi-folding doors to create that outside extra room feeling on warm days. Both properties are offered chain free – a real advantage nowadays when one small hitch further up or down a chain can cause delay and expense.

Marney Road is a quiet residential road of stylish period houses, near Clapham Common north side and close to the restaurants and cafes of Lavender Hill. There are great transport links with a selection of buses and Clapham Junction mainline station.
