

PENTHOUSE PALACE

This immaculate four bedroom, warehouse conversion set over two floors offers incredible views of Tower Bridge, the dazzling city skyline, The Shard and the Thames

The completely unique penthouse apartment is within the beautiful river-fronted Butlers Wharf development in the vibrant area of Shad Thames.

The property is set over two floors with a private balcony at the rear to take in the views with a separate lower and upper terraced area leading out from the back with equally exciting views of The Shard and Canary Wharf.

There are two master bedrooms and both have a dressing area and shower room and benefit from direct access to the rear and front terraces. In total there are four bedrooms and three bath/shower rooms.

The stunning modern property has a large, open-plan living space with a

separate television room, a beautifully designed hidden office space as well as a pantry and a wonderfully crafted open-plan kitchen/dining area.

The listed development has 24-hour concierge services, a lift and private parking. It is located in the heart of the exciting Shad Thames with tranquil cobblestone streets and piazzas with local fine dining and coffee houses located throughout the Tower Bridge conservation

area. The historic warehouse conversion on the banks of the Thames, was once used as a shipping wharf and dates back to 1871.
